31st Annual ACEC-BC Awards for Engineering Excellence Virtual Gala

April 20, 2021

Dear ACEC-BC community,

Welcome to everyone who has gathered for the 31st Annual ACEC-BC Awards for Engineering Excellence Virtual Gala. I am honoured to share this message with you all, and I write to you from the traditional territory of the Musqueam, Tsleil-Waututh and Squamish First Nations peoples.

Celebrations such as this are an important part of the work you do. After a difficult year, it is a time to reflect on your achievements, honour your leadership, and pay tribute to the innovation and technical excellence you have imparted on critical infrastructure projects throughout the province.

Thank you for the work you do and for the investments of time and training you make in your careers. While your contributions are often behind the scenes for many British Columbians, you are helping to create the foundation of the built landscape we all benefit from on a day-to-day basis.

Please accept my heartfelt congratulations to this year's recipients of the Awards for Engineering Excellence. We are so grateful for the knowledge you share with your communities to help us all build a stronger B.C.

Sincerely,

A handwritten signature in black ink that reads "Anne Kang".

Honourable Anne Kang
Minister of Advanced Education and Skills Training
